Re: Inactive Hazardous Waste Generator Status

Dear Mr. O'Brien:

This office has reviewed your request for change of status under the hazardous waste management programs of Missouri and the U.S. E.P.A. The ID numbers for the following location will now be coded as inactive.

Installation: WAGNER ELECTRIC/LCRA  
Location Address: 6400 PLYMOUTH AVENUE  
ST. LOUIS, MO 63133  
Missouri ID Number: 001500  
E.P.A. ID Number: MOD049975998

This change is for generator activity only. It does not affect the liability or status of a company also registered as a transporter or TSD facility. However, DO NOT USE these numbers as a generator without re-notifying this office of your activity.

Should you have any questions, please contact this office at (314) 751-3176.

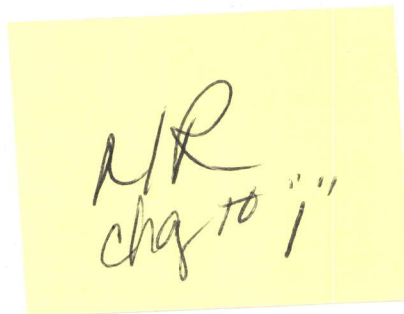

Sincerely,

DIVISION OF ENVIRONMENTAL QUALITY

P. O. Box 176  
Jefferson City, MO 65102

*change status to  
inactive RP*

Dear Mr. Purvis:

I am writing in response to the receipt of a "Generators Hazardous Waste Report Summary Sheet" pertaining to the former Wagner Electric facility in Wellston, MO. (Missouri ID No. 001500 and EPA ID No. MOD049975998.) The cover letter that accompanied the form and instructions stated that your records indicate that Cooper is registered as a hazardous waste generator with the Missouri Department of Natural Resources at the aforementioned facility. However, it is Cooper's understanding that based on your July 6, 1990 letter, which is attached, the facility has been coded as inactive. Since receipt of your July letter, to the best of my knowledge, no additional hazardous waste has been generated or disposed of at the site. Notwithstanding, the "Request for Information" form dated January 11, 1991 was completed and attached to this letter by Cooper Industries.

In light of these findings, Cooper will continue to treat this facility as an inactive generator unless otherwise notified by your Department. If for any reason, there is a need to reactivate the Missouri and EPA ID numbers, your Department will be notified prior to commencement of any onsite activity.

If you have any questions, please contact me at (713) 739-5612.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael J. O'Brien".
